#217 CUTTING OIL

#43 Cutting Oil is an excellent product for medium to severe duty machining. It is a mineral-oil-type active cutting oil. It employs special synergistic additives to maximize performance over the wide range of pressures and temperatures encountered when machining difficult metals. It does this without the use of chlorinated paraffins, which can be irritating and expensive to dispose of.

BENEFITS:

- Chlorine-free
- High anti-weld and lubricity compounding
- Outstanding EP/anti-wear
- Provides good surface finish
- Excellent rust inhibition

TYPICAL INSPECTIONS

Viscosity SSU @ 100°F	250
Total Sulfur, %	3.8
Active Sulfur, %	2.5
Lubricity additives, %	11.0
Color	Dark
