GIBRALTAR DEXRON III / MERCON ATF

Gibraltar Dexron III / Mercon ATF is a premium grade lubricant for car and truck automatic transmissions. It satisfies the requirements of the now obsolete General Motors Dexron III and Ford Mercon specifications. It also meets the requirements of Allison C-4 and therefore can be used in Allison Powershift transmissions.

Gibraltar Dexron III / Mercon ATF is specially blended with highly refined base stocks and a specially formulated additive package in order to give it outstanding properties over a wide temperature range. It also provides excellent rust and oxidation protection. Gibraltar Dexron III / Mercon ATF is compatible with various automatic transmission components such as elastomeric seals and plastic parts.

TYPICAL INSPECTIONS

| | |
|----------------------|-------|
| Viscosity, cSt/40°C | 34.49 |
| Viscosity, cSt/100°C | 7.62 |
| Viscosity, cP -40°C | 15400 |
| Viscosity Index | 175 |
| Flash Point, COC °F | 224 |
| Pour Point, °C | -41 |
| Color | Red |
| API Gravity | 30.8 |
| Specific Gravity | 0.872 |
