GIBRALTAR EP GEAR LUBE

Gibraltar EP Gear Lube is a line of lubricants for manual transmissions, differentials, rear axles, manual steering gears, final drives, universal joints, and all other automotive units that require gear oils.

Gibraltar EP Gear Lube meets the requirements of the API gear oil classification GL-5, MT-1 and Mack GO-J. It also meets the requirements of military specification MIL-PRF-2105E and SAE J2360. It is the correct choice for applications requiring oil of this quality such as trucks, buses, construction and farm equipment, etc.

Gibraltar EP Gear Lube is a direct response to the needs of equipment manufacturers and end users for improved durability, extended equipment life, reduced maintenance costs and product rationalization.

Gibraltar EP Gear Lube offers:

- Thermal stability and deposit control
- Gear spalling control
- Improved corrosion protection
- Oil seal compatibility
- Environmentally-friendly composition
