

DAVID WEBER OIL CO.

ISO 9001 Registered

Gibraltar Super S-3 LX

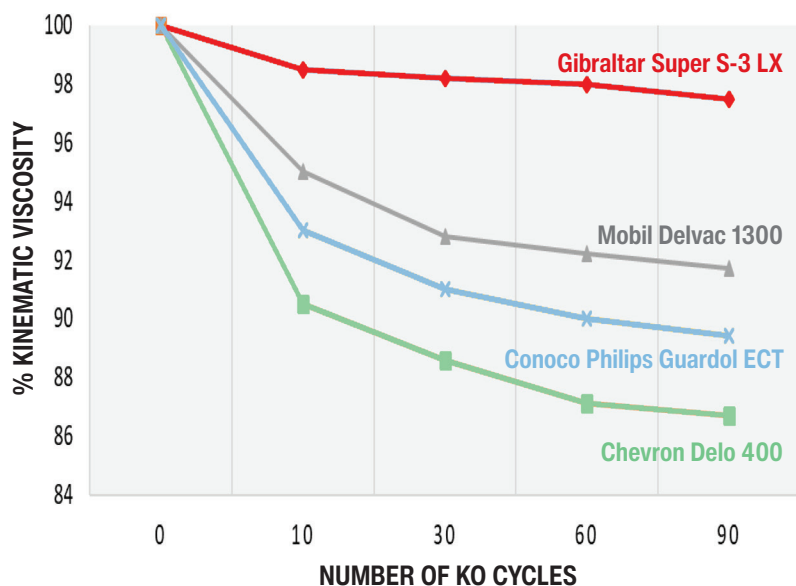

Super Premium Synthetic Blend API CK-4 SAE 15W-40 Motor Oil

Benefits:

- Outstanding shear stability for “stay in grade” performance
- Increased valve train and bearing protection
- Excellent soot and Oxidation Control
- Reduced oil consumption
- Fully compatible with DPF and After Exhaust Treatment Systems
- Robust detergency (TBN) level
- Backward compatible to API CJ-4, CI-4, CI-4 Plus/CH

Ultimate protection against viscosity breakdown

Gibraltar Super S-3 LX is the most shear stable 15W-40 diesel engine oil available. Performing up to 5 times more shear stable than competitive oils with over 80% less viscosity loss through engine shearing, Gibraltar Super S-3 LX is **a significantly more durable oil**.

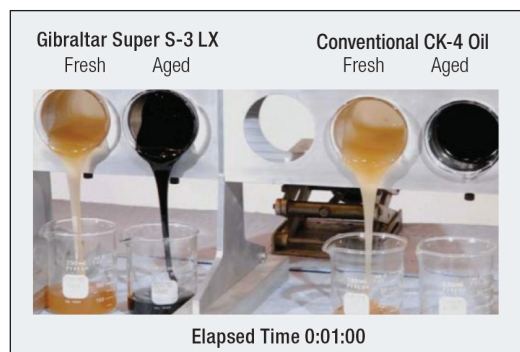

Advantages:

- Increased oxidative stability, cold temperature fluidity and engine oil life.
- Up to 20% higher detergency than other API CK-4 licensed 15W-40 engine oils without exceeding API CK-4 sulfated ash limits for DPF equipped engines.
- Formulated for outstanding performance in newer engines, yet fully backward compatible for use in pre-2007 engines. Maintains a robust detergency level so that it can be used without concern of TBN depletion in pre-2007 engines and off-road equipment using 500 ppm fuel.

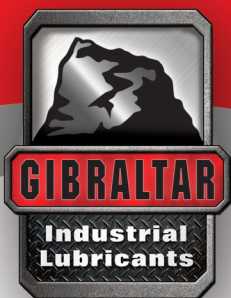

Low temperature pumpability

The superior low temperature pumpability performance of Gibraltar Super S-3 LX SAE 15W-40 is shown below:

Gibraltar Super S-3 LX

Super Premium Synthetic Blend API CK-4 SAE 15W-40 Motor Oil

Protect your investment with extra dispersancy to help both your lubricant and engine live longer!

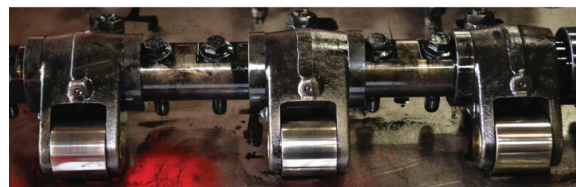

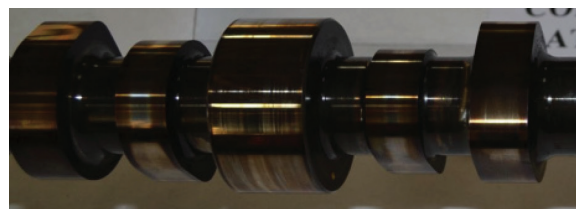

Dispersancy is the property that allows engine oil to suspend and carry away "pollutants" from diverse sources. Gibraltar Super S-3 LX SAE 15W-40 is formulated with a powerful dispersant booster to provide users with performance well beyond the minimum requirements of API CK-4.

Gibraltar Super S-3 LX SAE 15W-40 provides **over 60% better soot dispersancy** than API CK-4 limits, as measured by the Mack T-11 soot test, utilizing a unique soot buster dispersant

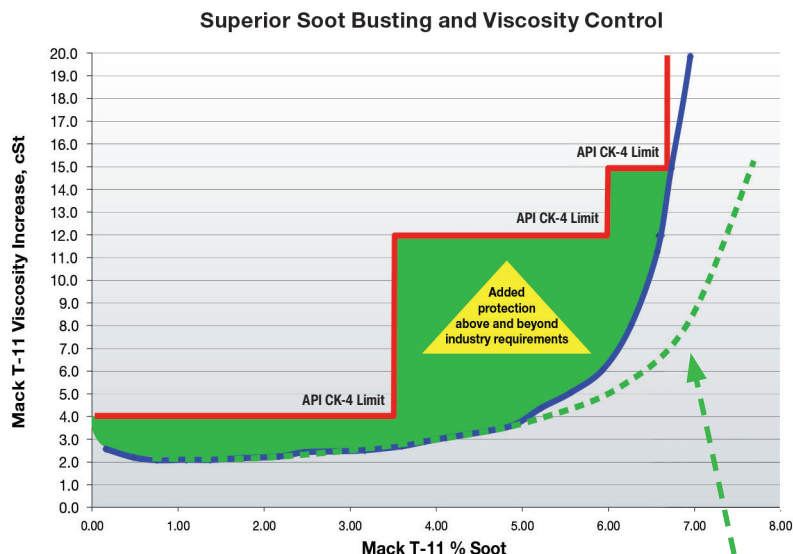

Million Mile Performance

Designed for harsh on-road and off-road conditions and severe duty cycles, **Gibraltar Super S-3 LX SAE 15W-40** passed the one million mile durability test, proving it's formulated for the long haul!

Virtually no wear on camshaft and rollers after a million miles!

Sludge-free after a million miles!

The SUPER S-3 LX Advantage: Superior soot control from our enhanced dispersant booster
