Gibraltar Longlife Multi-Vis HZ-1000 Series

Longlife High Efficiency Hydraulic Fluid

Gibraltar Longlife Multi-Vis HZ-1000 Series lubricants are synthetic blend, anti-wear hydraulic fluids specially formulated for use where long service life and maximum protection are desired. Uniquely designed with special leak preventing, seal conditioning agents, they provide outstanding start-up circulation for protection, excellent oxidation and thermal stability for long service life, and give consistent and predictable system response regardless of ambient conditions. Gibraltar Longlife Multi-Vis HZ-1000 fluids enable greater efficiency and less energy consumption when used in any hydraulic equipment.

High Efficiency, Energy-Saving Performance Gains:

- Up to 5-15% more hydraulic power under full load working conditions
- Up to 5-15% better economy for the work done
- Faster and predictable system responses to operator control
- Higher flow rate at peak operating temperatures

Gibraltar Longlife Multi-Vis HZ-1000 fluids provide exceptional protection and are enhanced with premium performance additives and a synthetic polymer to eliminate the need for seasonal fluid changes and reduce operating and maintenance costs.

Benefits:

- Sustained viscosity for highly efficient use
- Maximum anti-wear protection
- Leak-preventing conditioner to fight seal hardening and brittleness
- Improved startup and warmup times
- Consistent hydraulic actuation / pump performance
- Lower operating temperatures
- Seasonal fluid changes eliminated
- Reduced operating and maintenance costs

Specifications:

Recommended against OEM specifications including, but not limited to:

- AFNOR E-48-603 (HV)
- Denison HF-0, HF-2, HF-1
- DIN 51524, Part III, HVLP
- Fives Cincinnati P-68
- ISO 11158 (L-HV)
- Lee-Norse 100-1
- US Steel 127, 136
- Vickers I-2863, M-2950-S

Gibraltar Longlife Multi-Vis HZ-1000 Series

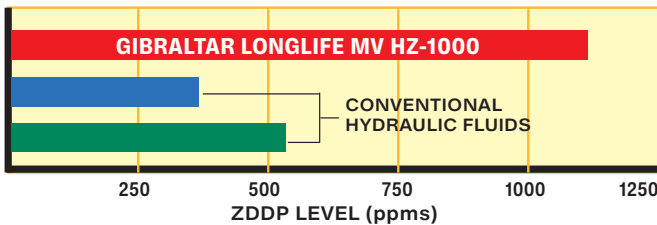

Longlife High Efficiency Hydraulic Fluid

High Shear Stability

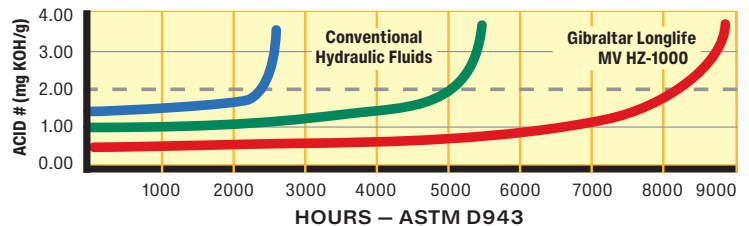

Robust Anti-Wear Protection

Gibraltar Longlife Multi-Vis HZ 1000 contains over 1000 ppm zinc, 2-3 times the levels in conventional hydraulic fluids.

Superior Oxidation Resistance

Gibraltar Longlife Multi-Vis HZ 1000 has over 3X the oxidation stability of conventional hydraulic fluids.
