Gibraltar Polyolith 00 Grease

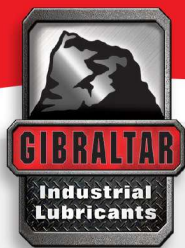

Lithium EP #00 Grease

Gibraltar Polyolith 00 Grease is a multipurpose EP fortified grease suitable for a wide range of industrial applications. It is formulated from highly refined base oils, lithium-based thickener, and premium performance additives to prevent breakdown due to oxidation, rust and corrosion, and extreme duty cycles. Its high load carrying capability provides excellent protection from wear.

Gibraltar Polyolith 00 Grease also has good lubricating properties in the presence of water which aids in oxidation resistance. Typical applications include general machinery, plain/roller/antifriction/needle bearing lubrication, chassis lube, wheel bearings, construction equipment, and conveyers.

Gibraltar Polyolith 00 Grease provides the following benefits:

- Lasting EP Protection
- Good Adhesion
- Resistant to Water
- Low Base Oil Separation
- Superior Corrosion Resistance

SPECIFICATIONS, APPROVALS & RECOMMENDATIONS

NLGI #00

TYPICAL PROPERTIES

NLGI Grade	00
Color	Amber
Appearance	Smooth/Tacky
Cone Penetration at 77°F, Worked 60 strokes	415
Thickener Type	Lithium
Dropping Point, °F	320
Base Oil Viscosity, CST at 40°C	112
Timken OK Load, LBS	40
