# Gibraltar Red Grease 000

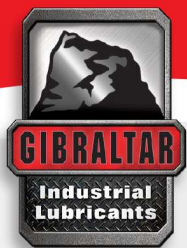

## Lithium EP #000 Grease

**Gibraltar Red Grease 000** is a multipurpose EP fortified grease suitable for a wide range of industrial applications and automotive applications. It is formulated from highly refined base oils, lithium-based thickener, and premium extreme pressure performance additives. It is highly resistant to breakdown due to oxidation, rust and corrosion, and long duty cycles. Its high load carrying capability provides excellent protection from wear.

**Gibraltar Red Grease 000** is resistant to water washout, shearing, and is an excellent grease to use in centralized lube systems. Its semi-fluid properties make it suitable for use in enclosed industrial gear boxes where oil leakage is an issue. Typical applications include plain/roller/antifriction/needle bearing lubrication, chassis parts, UV joints, water pumps, track rollers, general industrial and construction machinery, and conveyers.

**Gibraltar Red Grease 000** provides the following benefits:

- Lasting EP Protection
- Good Adhesion
- Resistant to Water
- Excellent Shear Stability
- Superior Corrosion Resistance
- Superior Corrosion Resistance

### SPECIFICATIONS, APPROVALS & RECOMMENDATIONS

NLGI #000

#### TYPICAL PROPERTIES

NLGI Grade	000
Color	Red
Appearance	Smooth
Cone Penetration at 77°F, Worked 60 strokes	445-475
Thickener Type	Lithium
Thickener Content, %	1-4
Base Oil Viscosity, cSt @ 40°C	460
Timken OK Load, LBS	45
4 Ball Wear Scar, mm, max.	0.5
4 Ball Weld, kg, min.	315
